About us:

We are a team of skilled Indian Lawyers and UK qualified Solicitors helping people to gain entry to the UK in a righteous manner.

Our solicitors are experienced Immigration lawyers with over 10 years of immigration experience. They deal with all UK Immigration applications from complex Tier 1 Entrepreneur applications to Tier 2 General, marriage, finance, visitor and student applications.

Regulatory Bodies:

The UK Immigration solicitors are regulated by the Solicitors Regulation Authority (SRA) and OISC to provide independent immigration advice.

Our lawyers in India are experienced High Court practicing lawyers with experience in the UK Immigration law and Indian judicial law. They are regulated by the Bar Council of India and Bar Council of Punjab and Haryana.

We are a licensed firm regulated by the Punjab Travel Professionals Regulations Act 2012.

We also comply with the following UK regulations

- Bribery & Data Protection Acts
- British Council Engagements
- UKCISA/AISA Code of Ethics
- QAA Guidance
- Solicitors Code of Conducts

We also comply with the UK Visas and Immigration Regulations and Codes providing advice only under the UK Immigration Rules.

Our UK office is headed by our partner Solicitors and India office is headed by our Lawyers. We do not Sub-contract our work and deals with our clients directly.

Professional Standing:

As members of the society, members of the Indian Judiciary under BCI, members of education trust under Punjab School Board and members of the High court of England and Wales under SRA, we provide correct and honest advice to our clients.

Part of School and Education Trust

We are part of Pole Star Education Trust, which provides educational services to the economically deprived students in the society. We provide education services under a Trust and all the profit is invested back in the services.

The trust runs School under the name of 'Pole Start Public School' in Nawanashar, Punjab, India and have been in service since the year 2000.

Our dedication and enthusiasm to provide students with right education and helping them to prosper is our mission.

Student Services:

We provide four types of services to Students:

1. Free initial assessment of their application
2. Getting admission in a UK Summer Schools, and
3. Deal with their immigration application
4. General assistance on travel and boarding.

We understand that students wishing to pursue their Higher Studies abroad find it difficult from where to start. It can be overwhelming not knowing where to start. Going abroad is their careers biggest decision and most of them make this decision without visiting the country or/and university. Travelling for the first time to a new country by yourself after paying for University tuition fees can sometimes be daunting for students.

We help students to travel to the UK before they decide to take an undergraduate or post-graduate course abroad. Our services provides excellent opportunities for students to visit the UK on a short-term to attend Summer School.

This gives exposure to the students about the UK and provide them with an opportunities to attend various universities and to discuss with Career departments teams about their future in the UK.

We believe it is vital for any student to attend the University before they take on full-time course in a new country. We also recommend speaking to the careers department about the course they are interested in and what career opportunities that course will provide if they decide to study the relevant course.

We understand for students applying to the UK, the admission and immigration application process can be confusing and overwhelming. At this stage, we can help you gain admission in a Summer Schools in the UK and will complete your relevant application for an entry clearance visa to the UK at a nominal fix cost.

a) Free Assessment of your UK Immigration application

The success of any application depends on how well your immigration service advisor is able to assess your circumstances in order for you to apply for the admission and visa application to the UK.

Before we start applying on your behalf for any sort of application to the UK, we will always assess your application. The assessment includes the following circumstances:

- Age
- Current education stage
- Level of English
- Financial Circumstances
- Family background
- Personal achievements
- Active memberships
- Any work experience

Once the assessment is completed, we will inform you whether you qualify for the admission and immigration application or not.

We do an assessment of applications for your benefit. Most of the agents and students apply for student visas without considering these circumstances and either their admission is rejected or their immigration application is refused. If any of these is refused, you will not be able to enter the UK.

We do not want aspiring students to get rejections or refusals. We want our clients to have a clean immigration history which always helps them to apply for any future immigration applications for any country.

We will not apply for your application if we believe that your application is most likely to be refused. This keeps our reputation in place as well as we do not

wish to be considered as any other agent who is applying for immigration application without knowing UK Immigration rules or assessing your personal circumstances.

Even if you wish to apply from another immigration service providers, we always recommend you going through the above list for your successful application.

b) Getting Admission in a Summer School

We will help students in selecting the right course for Summer School which will suit and benefit their careers. We work closely with students and their parents in selecting the right course. We understand that this is an occasional opportunity for students and getting it right is crucial for them.

c) Dealing with Immigration application

Once we have selected students and admissions have taken place in Summer School, we will apply on your behalf for short-term study visa to the UK. This visa does not require sponsor licence from UK Sponsor and the rules are not stringent as compared to the Tier 4 General Student Visa.

Once you have obtained short-term Study visa, it makes your future Tier 4 General student visa application easier and more credible.

We will also prepare a covering letter on your behalf and prepare the visa application file. Students will only reach at this stage if they complete our initial two assessments.

d) Further assistance includes:

- Help with preparing your personal statement for admission process
- Help with documents required for admission process
- Help with documents required to apply for a UK Visa
- Upon grant of the admission and visa, general advice will be provided on how to travel to the UK including booking a flight ticket, accommodation, food, UK public transport travel tickets, London Underground Tube Map, international SIM card etc.

Different Types of Immigration Applications

- Spouse Visa Applications
- Marriage Visitor Visa
- Child Dependant Visas
- Standard Visitor Visas
- Short Term Study Visa
- Tier 1 Entrepreneur
- Tier 1 General
- Tier 2 General
- Tier 2 Priority Service
- Tier 4 General
- Permitted Paid Engagement Visa
- PBS Dependants

Why join UK Summer Schools:

- **Improve English Language**

The most popular reason for overseas students to take a summer school programme is to develop their verbal and written English skills. It helps them to enhance their English language skills by interacting with teachers, local students and socialising in general. Within few weeks, a student can improve their confidence with English skills to a great extent.

- **Support your University Application**

Summer Schools can help you decide if you want to pursue a relevant course at University or College before you take on admission. You will be able to better decide whether you wish to proceed with the studied subjects.

It can also help you to strengthen and upgrade your university or college application with relevant academic achievements or with the university entrance exams.

In a highly competitive academic environment, any evidence of interest in the subject matter will prove your commitment to excelling in your academic pursuits.

- **Boost Confidence**

Successfully completing a summer school will greatly enhance your confidence in general. Travelling internationally and studying with local and international students gives you wide level of exposure which helps you become more independent, capable and self-reliant. The overall experience helps you access your true potential, silence your self-doubts and give you the confidence to pursue your dreams.

- **Upgrade your CV**

Summer School achievement reflects your level of commitment to your own development and willingness to learn more. List the skills you gained during summer school and how they helped you perform better both academically and in employment. These advantages will make a positive impression no matter what career path you choose to follow. The extra preparation will likely contribute to better grades and access to better universities.

- **Tend to your specific educational needs**

If your university does not offer a particular course you might be interested in, summer schools provide plenty of options that will satisfy your thirst for knowledge. Even if you don't really know what you would like to learn, browsing through an extensive list of summer courses might inspire you to try out new study opportunities.

- **Make new friends**

The welcoming and highly interactive study environment typical for a summer school is the perfect setting for making a lot of new friends. Start long-lasting friendships by interacting with your classmates and participating in social events. Even shyer students will have an easier time opening up, thanks to the friendly atmosphere, the shared interests of the participants, the small study groups and the acceptance of diversity.

- **Get inspired**

While many students may choose a summer programme for very different reasons, some students may simply want to engage in a summer school study to occupy their time during the long summer holiday. Everyone can benefit from a fresh idea, and a summer school is a perfect place to find more than a few.

Free Career and Immigration Advice

- Our experts in the UK can help you take admission in a full-time university or college course and can deal with any UK Visa Immigration Applications.
- They can also advise you on UK immigration rules and future immigration applications for settlement, work permits or marriage in the UK.

If a student goes missing or doesn't return back to India

If for any reason a student does not return back to India before the expiry of the visa or goes missing, we will help School Board and Teachers in reporting students to the following authorities:

1. We will inform UK Visas and Immigration (UKVI) – Home Office, UK. The UKVI is the official government department.
2. We will inform the local police and will provide School with a reference number.
3. We will inform the Indian authorities in the UK.

By taking the above-mentioned steps, the School cannot be held liable for any misconduct. We will work closely with School to make sure none of our reputations is affected by any misconduct by the student. Once we have taken the above-mentioned steps, it will be the UKVI responsibility to trace the student and send him/her back to India.
